

## Science Fiction Unit Project

### ***I. Guidelines***

Gather all of your science fiction unit paperwork! You will be completing an end of unit project, and you will need all the resources from the previous weeks to help you be successful.

You will need to demonstrate your ability to comprehend six standards that we have been working toward mastering during this unit. The final project will need to be typed/created, and shared on google drive.

### ***II. Materials Needed***

Notes: Elements of Literature 9/3 Pixar Plot Diagrams/Story Arc Samples, Videos on my webpage

Stories: "All Summer in a Day", "Harrison Bergeron", "Little Brother", "To Serve Man", and "Unready to Wear".

Worksheets ~ "ASID", "Harrison Bergeron", "Little Brother", "To Serve Man", and "Unready to Wear"

### ***III. Standards to Demonstrate Mastery***

1. Textual Evidence - Show me how you know!
2. Plot - Show me that you can identify the plot of one of the stories
3. Theme/Central Idea - What is the theme or central idea
4. Vocabulary - Properly define three vocabulary words based on how they are used in one of the stories.
5. Point of View - What point of view is each story told from

### ***IV. How Can I?***

So, how can I demonstrate mastery? You have several choices...

- A. Simply write it out. You can choose to demonstrate mastery of the above standards by writing out the information with answers and evidence- you will need a rough draft before you can type it and share it on google drive.
- B. Create a slideshow - Make a slideshow demonstrating all standards, and be sure to include all answers and evidence. You will need a rough draft of each slide before you can begin with the actual slideshow
- C. Make a book/journal - using Pages or other word processing software, create a book/journal and include the answers and evidence. You will need a rough draft before you can begin any actual word processing.
- D. Your Choice - Have an idea? Run it by me! But of course, whatever you choose, you will need to have a rough draft first before you can continue.

**\*\* Potential Roadblocks ~ Uh oh! Missing materials? You will need to gather what you are missing from my webpage: [www.duxburylit.weebly.com](http://www.duxburylit.weebly.com)**

**\*\* Didn't complete a rough draft? Sorry! You cannot use any technology until you do that.**

**\*\* Didn't use your time wisely in class? You will have to complete work on your own -- the library is open Monday-Thursday from 2:00-3:00 OR work at home - Yup. Home.**

Additional Thoughts: ~ No -- you are not allowed to move your seat. You will get a lot more accomplished if you work on your own ~ but yes, you can listen to music as long as you are making progress.

~ Sitting in the room and not making progress? I don't think so... Your parents will be notified if you are not using time wisely.

Check Yourself!

Material	Have	Need
Elements of Fiction Notes 9/3		
Pixar Short Story - Plot Diagrams/Story Arcs		
"All Summer in a Day" Story		
"ASID" Questions		
"Harrison Bergeron"		
"Harrison Bergeron" Questions		
"Little Brother"		
"Little Brother" Questions		
"To Serve Man"		
"To Serve Man" Questions		
"Unready to Wear"		
"Unready to Wear" Questions		

So, what's your plan?

\*Locate materials \_\_\_\_\_

\*Decide on a project choice \_\_\_\_\_

\*Create a timeline of completing work for yourself \_\_\_\_\_

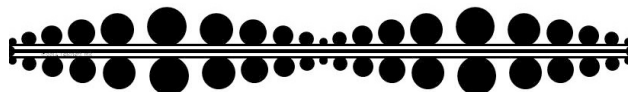

\*Complete the rough draft \_\_\_\_\_

\*Approve rough draft \_\_\_\_\_

\*Final project \_\_\_\_\_

Final Project Due: Once you enter the room on Friday, November 7th ~

That means that it needs to be uploaded to google drive BEFORE THEN

Name \_\_\_\_\_ Date \_\_\_\_\_ Color B - R - P - G - Y
